Prayer for Creation

Creator and Sustainer of all life, we offer gratitude for the progress made at COP 29 and for the voices that have spoken with courage and conviction for our planet.

May these resolutions take root and bear fruit in action.

Empower us to take responsibility for the Earth, to protect and renew what has been entrusted to us.

Let our choices today honour future generations, inspire positive change, and restore the balance of creation.

Give us the strength to be advocates of hope and healing, standing together as guardians of this Earth we all call home.

Amen

ECO-Friendly Tip

Practical Responsible Water Use:

With climate talks emphasising resource scarcity, can we take steps to conserve water in our daily lives? Fix any leaks, use low-flow fixtures, and shorten shower times to reduce water waste.

Simple practices like capturing rainwater for plants and turning off taps when not in use make a big difference.

Water conservation reduces energy too, as less energy is needed for pumping, heating, and treating water.

Small changes can make a collective impact, aligning with the commitments set at COP 29.

Question for Churches

Have you installed water-saving devices e.g. water butts or water efficient toilets at your Church? Is your church water supply metered?

Email Steve and let him know! stephenjallen17@gmail.com

Tuesday 24th December	4pm

Circuit Zoom Worship

Tuesday 10th December at 7.30pm

"Hush the Noise; Join the Love Song this Christmas" following the theme of the Advent & Christmas campaign from Connexion.

Christmas can be loud, so much expectation, so many voices telling us how to celebrate, what to wear, what to eat and drink, what to watch and what to buy. During this busy advent season, the lay CLT worship group invites you to join us for circuit zoom worship for a moment where we can "hush the noise" to listen for the love song that the angels bring, this and every year.

Helen will "open the room" around 7.15pm for worship at 7.30pm.
